About this list

This list contains information on 32 community meeting venues across Torbay. It does not include large commercial conference venues (such as hotels) which can be easily found in directories such as Yellow Pages.

Information on Torbay Council venues (Oldway Mansion, Brixham Town Hall, etc.) can be found at www.torbay.gov.uk/venuehire or call (01803) 208865. However, we have included details of meeting rooms in two council libraries, both of which have been designed to modern accessible standards.

Main details were updated in spring 2010 and are based on returns received in response to a postal survey. Many questionnaires were not returned so the list is not exhaustive. We will endeavor to include more venues in each update of the list. Please contact us if your venue is not listed and you wish to include it in the next edition or if you wish to amend your details.

It is important to carefully verify all details before making a booking as details can change, especially pricing. A site visit should always be undertaken to ensure that a venue fully meets your requirements. In terms of physical access for wheelchair users, do remember that there can be a considerable difference in size between a small manual wheelchair and a large electric model.

The listings start with an overview of facilities. Further information and specific contact details can be found in the table that starts on page 12.

Useful Web resources

The 2010 Equality Act consolidated most of the previous Disability Discrimination Act(s) and if you are organising an event it is important to gain a broad overview of people's needs, especially as many disabilities are invisible to other people. You are therefore recommended to study some of the free good practice guidance which can be found in the following web resources.
